P-Stamps

Following the successful release of the P-Stamps (Personalised Stamps) at Australia 99, Australia Post has continued issuing these popular stamps.

What is a P-Stamp

The are stamps with tabs and within the tab is a photograph of a person or persons. They have been issued at many major Philatelic events such as The Stamp Show 2000 in London, where a very popular issue was that of Australia's spin bowling wizard Shane Warne. The general public is also able to send in photographs so that they may have stamps produced for their own special events, such as weddings, engagements etc.

Many sheets showing different borders are now included in the P-Stamp range. As the basic stamp design is the same we will be listing them in 'a' numbers in the Comprehensive Catalogue. Details on request.

Postage Due Stamps

We have listed the Postage Due stamps by Stanley Gibbons catalogue numbers. This catalogue lists these issues in greater detail than the Comprehensive™ Colour Catalogue of Australian Stamps.

Prices have been shown for most issues with POA (Price On Application) being used where the price will very much depend on the individual stamp on offer.

We also have a large range of both frame plate and value plate varieties, as well as many blocks and multiples available.
Please send your want lists.

Buying

We are active buyers of better Australian and British Commonwealth material and are constantly searching the World for quality philatelic items.

So if you are thinking of selling your collection, or even just single items, contact us today.

We will travel within Australia or Overseas to view and purchase suitable material.

GST
Goods and Services Tax

The Australian Government introduced a 10% GST on the 1st of July 2000. This tax is applicable on most items sold within Australia (including second-hand goods) but is not to be charged on items exported to overseas customers.

As this price list includes the GST in the prices listed (as required by law) our overseas customers may deduct 1/11th from the total price of their order.

GST is still applicable on postage, insurance and handling costs.

If you have questions, please call.
